Stanchfield read extracts from the official constitution of the soviet republic. Universal suffrage, tribunals for trying and punishing official newspaper reporters and publishers and divorce by mutual consent were points which he emphasized. Attorney Siedman read at length from the admirable plans of the soviets for nationalization of lands and banks; for the arming of the working class and the dismantling of the bourgeoisie; and for declaring peace with Germany."

"Did you read that all people without property were to be armed and all people with property were to have their arms taken away from them?" demanded Assemblyman Cuvillier.

"Yes," said Stedman, "the property owners in Russia were very few. They own nearly all the land, and the working people were afraid of a counter-revolution."

Chairman Martin questioned the necessity of reading the soviet constitution.

"Put all the book in evidence. Don't read any more of it," said Martin, bringing down his gavel.

WOMEN'S SUIT FACE

French Hats Are Modeled to Adorn the Wearer.

where Velvet and Ribbons Are Daintily Arranged to Adorn Most Becoming Headgear.

The late French hats for winter are actually a collection of lines—lines naive and obscure, lines impossible to arrange, lines pure and girlish, but they are the lines that suit the face they are built to accompany.

This may sound easy, but it isn't. It takes an artist to construct a hat that will look like a hat. But the French, when it comes to hats, are the leaders of the world. A French milliner takes a hat and makes it a work of art. She produces a hat which is the joy of all beholders. The prettiest French hats one can see are made of velvet and are built to accompany the face. There seems to be no foundation, and yet they are perfect frames for the faces they wear. Ostrich feathers of all sorts are a fascinating way of curling over ears and necks of their wearers. Hats are black or of very dark colors and the feathers are bright. Many variations of the Tam o' Shanter are shown by the French modistes. They are large or small, trimmed or untrimmed, for sport or for dress, but any rate the Tam o' Shanter in one form or another seems to be an indispensable part of the hat equipment of the French. They are made of velvet or of silk plush or of tiny ribbons and are sewed round and round. And they are in solid colors when they are smartest.

Feather and coque turbans are daintily good and these come in many colors, worn usually with an exquisite lace. The veil is more an ornament of the hat than a protection for the face.

Picture hats, wide and spreading, wear with the old-fashioned English costumes and with those that show the Spanish influence. These are made of hatter's plush or of velvet and are made soft enough to wear the head. Sometimes there is a suggestion of trimming about them, but more often they have a lace or ribbon band of ribbon.

There is a popular turban of many shades over a sparkling metal brooch. It is simply a puff of the hat with the color of the band showing through around the headsize, and a puff of the tulle droops over the right ear.

WORK SYSTEMS TO BLAME

Manufacturers Feel That Increased Cost Is Due to the Week-Work Scheme.

There is now a feeling among women's garment manufacturers that the factor of increased cost, due to the establishment of the week-work in place of the piece-work system, may play a more important part in high prices than it was realized. This point has occurred to some of the leaders in the trade who have not been entirely satisfied that the cost of raw material and other items was alone at the basis of values. Accustomed to piece-work prices, which enabled them to know with the best accuracy just what production cost them, some of the manufacturers, it is explained, may have added unconsciously to their profits when dealing with the new system that does not show costs so easily and correctly.

CRETONNE HAT FOR SPRING

A facing of turquoise blue silk and red flowers encircle the crown of this charming broad brimmed cretonne hat designed for spring wear.

Gems Given Black Gowns. Emerals are used as a foil for a dark lace gown when emerald will give the needed tone under the soft washed silk and mesh, and for one reason more use an emerald facing around the black lace hat. Col and gems are favored for one with all black costumes generally, but emeralds of great and diamond-set platinum have a most effective complement for a black tulle gown, have an understatement of creamy white. With such a costume a long diamond chain fastened with pearl-encased pearls and used with pearl earrings complete the long, graceful lines of the dress. The soft, hanging tulle hat is lined in an all-black color, the use of a diamond and emerald.

The New Coat

The new French coats are not on the same lines as those of the winter of 1925-26. They are more of the same old-fashioned straight, without the long hanging apron, the all-over draping slightly at the bottom.

The American in Sight

At the Hotel Mollott, where many of the new French coats are shown, the American in sight is a Frenchman. At the Hotel Mollott, where many of the new French coats are shown, the American in sight is a Frenchman.

CITY HOSPITAL AUXILIARY NEEDS

In discussing the needs of the City Hospital, one of the members of the Kingston City Hospital Auxiliary offered to give some aprons which were used at the time of the emergency hospital at the army in the Fall of 1918.

It was suggested that there were probably other such aprons in possession of some of the volunteers who gave their services during the influenza epidemic.

Old aprons worn by the men who served in the wards at the army at that time would be a welcome gift to the city hospital for use of the doctors. The women's Red Cross aprons will not be suitable unless they are a large size and of heavy material.

With the present scarcity of table linen and the high prices, gifts in that line would also be gratefully appreciated. Any woman of this country who has partly worn out tablecloths, can find a good use for them by cutting from the best parts of such linen tray cloths for the patients' trays. The size is 14 by 19 inches. Any number of such tray-covers can be used at the hospital, and these gifts as well as everything hereafter sent in to the institution, will be acknowledged through the press. Old muslin is always needed.

Every Tuesday afternoon members of the auxiliary meet at the hospital to mend and sew. Volunteers for this work will be welcomed. The payment of one dollar a year makes any woman a member of the auxiliary and gives her an active interest in the work of the organization. New members may join by simply sending a dollar to Mrs. C. E. Hasbrouck, treasurer.

The following gifts were sent in to the hospital since Christmas: Books and magazines from Mrs. Fuller, Miss Bonesteel, Miss G. Burdick, Miss Rosekrans, Mrs. Teller, Mrs. Hasbrouck; games and toys for children from Mrs. Lowe and a friend; jam and jelly from Mrs. Wm. J. Simmons, Mrs. Walter Miller and Mrs. Kate Smith. The latter also sent raisins.

Mrs. Wm. F. Rafferty sent bed room slippers, Mrs. Hammond a bathrobe; Mrs. Jones, iron holders and old muslin; Mrs. Willis Hill loaned a motor for sewing machine; F. Merritt gave a turkey for Christmas dinner; Albert Mauterstock, glass and labor; Mrs. Jones, plant for the nurses dining room; Mrs. Edward Coykendall, magazine subscription; money for Christmas from Mrs. Tappen and "a friend." The Ladies' Auxiliary provided holly for decoration of each bed, and the Henrietta Wynkoop Guild did much very necessary sewing such as hemming sheets, etc.

Diseases That Came From Neglected Teeth

Science knows now that diseased teeth in grownups cause rheumatism, heart trouble, indigestion; in children frequent colds, arthritis, eye affections. As epidemics enter through the mouth, such children are often victims of influenza and spinal meningitis.

Mouth cleanliness is necessary for everybody the year around. That does not mean "pyorrhea cures" or other mysterious articles. Pyorrhea is unknown among the young and children should not be allowed to use any preparation claiming to cure this disease.

Unlike these, Albodon Dental Cream is simply calcium carbonate, asphodel and mixed with the well-known antiseptic oils of cloves, cinnamon and eucalyptus, which authorities like Dr. Prinz and Long declare makes an effective and safe composition for women and children. It is just as good for you, and should be in your home. A tube lasting five weeks can be bought guaranteed at any drug store.

Too Much Tobacco After Forty-five Suicidal, Says Doctor

Immoderate use of tobacco after forty-five is suicidal, says Dr. Hirschfeld, eminent medical author and other doctors agree with him. Excessive use of tobacco is bad for anyone, any time, and how much you can stand can only be told after it is too late if you have used too much. Better to quit, and here Nicotol will help you. Get a few Nicotol tablets from any druggist and let them drive the craving from you. If you want to resume after seeing how much better you feel without tobacco you can do so any time. Nicotol is sold under a positive money-back guarantee. It costs you little to quit and nothing if Nicotol fails.

Note: If you know you are smoking too much let Nicotol help you reduce the quantity and show you how easy it is to quit altogether. Ask your druggist about the success of Nicotol. He knows and can be trusted to tell you the truth.

SAUGERTIES TOO MUCH FOR ATHENS

The strong Athens five met defeat at the hands of the Saugerties Big Five on the Orpheum court in Saugerties Monday evening. The teams went scoreless for the first eight minutes and both teams covered so well that shots at the basket were blocked. Finally Miller broke the ice with a pretty toss from the center. Peters then caged a free shot and then Smith electrified the fans with a sensational shot from past center which put Saugerties in the lead, and they were never headed. Here Saugerties began to display some beautiful passwork and worked the ball down the court and Robinson and Peters each netted the ball for two times. Teator ended the scoring for the half by caging a pretty one hand toss.

Athens came back strong in the second half and put up a good defense which Saugerties found hard to penetrate, but Smith pulled two more from the center and Keeley got one from in under the basket. Robinson's point from the foul line finished the scoring. Score:

CITY'S LURE STILL STRONG

Movement From Rural Districts Declared to Be Menace to Welfare of the Race.

Every city in the United States is decrying a shortage of residences. In fact, the cities of Europe like the cities of America, are suffering from a house famine. There simply isn't shelter in the cities for the great numbers of people crowding into them.

These people do not come from the cities. They have not been born and grown to manhood and womanhood over night. They were in the world yesterday, somewhere. Today they are crowding into the cities. That they are coming from the farms there isn't the shadow of a doubt. And thereby hangs the most terrible menace the race has faced for centuries, declares the Columbus (O.) Dispatch.

Not only are cities becoming overcrowded, but in the small towns it is the same. The farmers are giving up their places on the farms and going to the cities and towns and villages. The chances are next year's census will show a tremendous decrease in the rural population of this country. It is bound to do so, for there are more

people leaving the farms than are taking their places on the farms—and it isn't necessary to explain the reason. High wages in the cities, the world's war, the unrest, the uncertainty of everything—these things are operating to bring about a condition of affairs that is going to cause the world a tremendous amount of trouble.

We hear a great deal about improved conditions upon the farm. The telephone, rural free delivery, good roads, the automobile, improved machinery and labor-saving devices—these things all go to make life upon the farm more attractive. High prices for produce go to make farming more profitable. Yet in the face of all of this the people are leaving the farms and coming to the cities in such numbers that shelter cannot be provided rapidly enough to keep the rain off their backs. In the final day of reckoning—well, we have no desire to indulge in pessimism. But who is going to raise the food for the people of the world if the exodus from the farms continues?

Sun's Wonderful Heat.

SENATE TREATY TALK PUT OVER

By Telegram to The Freeman.
Washington, Jan. 29.—The bi-partisan treaty conference, which was to have taken place today in Senator Lodge's office, was postponed until tomorrow on account of the absence of Senator Lott, Republican, of Wisconsin, one of the conferees.

The serious illness of a daughter of Senator Lott prevented his attendance.

No move will be made by Senator Hitchcock to call the peace treaty up on the floor of the senate as long as there is any chance of an agreement between Republican and Democratic senators being reached on the lodge reservations. Senator Hitchcock stated today.

St. Ann's Church.—Mass and sermon, 10:30 a. m. Sunday school, 3 p. m. Devotions, 7:30 p. m. Monday, Feast Purification, B. V. M. Candelmas Day. Candelmas will be blessed before 8 a. m. Mass.

Great credit is to be given to our roadmaster, Thomas Callahan, for having opened up in a decent way the road between Sawkill and Ruby. The Welfare Society, which is now a strong and powerful organization, will hold a special meeting in the near future, as to some very important topics pertaining to the town of Kingston, Sawkill.

Some shows will be held in the near future at St. Ann's Hall, by several clubs from Kingston, for the new rectory fund.

The Ladies' Club of Kingston, who enjoyed a grand time at St. Ann's Hall last week, proved a financial success for St. Ann's Church. The Ladies' Club wish to extend to Messrs. Hargreaves, Michaels and Metta their sincerest thanks for the convenience to and fro with sleigh stages, as also to Prof. Horace Boise, who furnished excellent music.

Hon. Judge J. Jenkins was a recent visitor in town on important legal matters. He is certainly a busy man, who meets everyone on the level and parts on the square.

Now that the Jockey Hill school burned down, why not let the taxpayers have a decent school building centrally located for all children? What does education mean in Sawkill?

The great event takes place in Knights of Columbus Hall, immediately after the games. Curt Shurter's orchestra will dispense the jazziest one-steps and fox trots and the dreamiest of waltzes for those who trip the "light fantastic toe." Delicious refreshments will be served. All are welcome. Arrangements have been made to accommodate a record-breaking attendance. The various efficient committees, headed by Miss Loretta C. Netter, have spared neither time, effort nor expense in preparing for this party and dance, and every one is assured of a cordial reception and a really enjoyable evening. STATE MAY CALL FOR CHEMISTS

To Help Regulate "Kick" in Beverages to Be Sold in Future—Walker Resolution Provides Committee and \$10,000 Appropriation.

By Telegram to The Freeman.
Albany, N. Y., Jan. 29.—New York legislators may ask the chemists to tell them what alcoholic content makes a beverage "intoxicating."

Senator James Walker, senate minority leader, today introduced a resolution proposing to create a legislative committee of eight members to determine by scientific investigation "what alcoholic content is necessary to bring about intoxication." Senator Walker contends that after having such information in its possession the legislature will be better able to enact legislation if it so desires, permitting the sale of alcoholic beverages which would be non-intoxicating. The committee, if authorized, is given until March 1 to report. The resolution carries an appropriation of \$10,000.

"The TEETH OF THE TIGER"

AN ARSENE LUPIN STORY

It was murder! Another one! In the sinister "house of mystery." And the only clue was an apple, marked by two rows of teeth. Could the clever be the dead's man wife? Then why her lover's letter, with the words, "Only death could unite us"? How fortunate, too, for the pretty niece and the family doctor that the old man died before he changed his will! Yet the weird crime was typical of Arsene Lupin. His, the ways of the tiger! And Arsene Lupin had cause. Who was guilty? You couldn't guess in a hundred years. But you can be absolutely sure you never saw a picture that made more thrills run up and down your spine. Played by a guest cast, including David Powell, Myrtle Siedman, Marguerite Courtot and Charles Gerard. Come!

INFLUENZA CASES

By Telegram to The Freeman.

New York, Jan. 23.—There was a decrease of influenza cases today, 4,706 new cases and 100 deaths being reported to the public health department for the 24 hours ending at 10 o'clock. Pneumonia cases also declined, 649 new cases and 136 deaths being reported for the same period. The total of new influenza cases was nearly 1,000 less than had been reported for the preceding 24 hours. To date 24,469 cases of influenza and 5,180 cases of pneumonia have been reported.

Rev. Walter S. Maines occupied the pulpit of the Reformed Church, Sunday morning but owing to illness was unable to be present at the evening service which was omitted.

A farewell party was tendered Miss Richardson, teacher of physical training at the local high school, at Mrs. W. B. Torwiller's where she boarded, on Thursday evening last. This popular teacher has tendered her resignation which was accepted and she has gone to take a similar position with a handsome increase in salary. Many friends regret the departure of Miss Richardson who during her stay in town won the hearts of all her pupils and a large circle of friends.

Honorable Erwin of Woodbridge spent the week end with his parents Mr. and Mrs. Ralph Eaton.

Mr. and Mrs. Leonard Bunting are spending a few days in town before returning to their home at Wilmington, Del. They will return from that town to near Newburgh where their friends who came with them have purchased a fine residence and 40 acres of land adjoining where Mr. and Mrs. Bunting are to take charge.

Mr. and Mrs. E. A. Smiley have gone to spend a few weeks with their daughter, Mrs. Ohlrogge and family in Brooklyn.

Sleighing parties are the order of the day in Ellenville and vicinity. It is rather a rare sight to see an auto party in town. With the sleighing since before Christmas, the town during the day is alive with sleighing parties and one quite wonders where all the horses and sleighs come from at the season when they are most needed.

A little late in receiving for delivery, the Palmer's store has been handing out to customers this week very handsome calendars.

Masonic Theatre was crowded to its doors Tuesday evening, when the entertainment given under the direction of Mrs. William D. Cunningham, that met with so much success when given two weeks ago, was repeated with a few new musical selections and dances. As before the entire program scored a great hit and every number received well merited applause. The entertainment benefit was for St. Mary's Church.

Miss Margaret Newkirk has sold her residence on Maple avenue, well known as the Harris' property to James A. Myers who recently sold his large Terrace Hill boarding house and farm. Mr. Myers expects to occupy his new home in April.

AT THE THEATRES.

"My Soldier Girl" Tonight—Hawalian Play Saturday.

The late Colonel Roosevelt was a great lover of detective stories. President Wilson has often publicly stated that a thrilling sleuth yarn is his favorite means of relaxation. Thousands of red-blooded Americans share this liking for the very adventuresome and all such will like the new film story, "The Teeth of the Tiger," at Keene's tonight and Friday. A Prize nature colored picture and a weekly news are added attractions.

The star of the five-reel western feature that comes to the Auditorium today is Gertrude Bondhill. Miss Bondhill is a real western girl, who can ride a horse and shoot a gun as well as any of the men, and her part in this picture fits her admirably.

Tomorrow a Billy West comedy and William Russell in "Brass Buttons." It is a score of more tuneful melodies will help to "put over" a show then musical play, "My Soldier Girl," which will be at the Opera House to night and Friday, matinee and night.

Richard Walton Kelly, the author, should live right up to this promise, for it consists of twenty or more tuneful numbers that are all fast becoming popular.

"The Bird of Paradise" which will be seen at the Kingston Opera House Saturday, matinee and night, presents an alluring regime in a beautiful land. The scene is Hawaii and the tale of romance, intrigue and superstition is carefully woven.

The Orpheum Theater management takes great pride in announcing Sunshine Girls, which will appear here next week. The opening play in which this popular musical comedy company will open its engagement in this city will be that great song play, "My Sweetie," with all special scenic effects and big song hits. There will be in conjunction with the musical comedy a strong feature picture program.

Sewing Class Started.
A sewing class for the young women of St. Mary's Church has been started. The class meets in the school hall Monday evenings under the instruction of Miss Stuart, of the Home Bureau.

COFFEY FIGHTS CHRYSTAL TONIGHT

Vincent Coffey of this city and Willie Chrystal of Newburg will step ten rounds this evening for the lightweight championship of the Hudson river valley at the smoker of the Kingston Athletic Club in Griffith's Hall on lower Hasbrouck avenue. Another crackjack bout will be between Sapper Cohen and Terry Davis, which is slated for eight rounds. There will also be some preliminaries. This is the fastest boxing card ever offered the boxing fans by the club, and there should be a packed house. Those who have not obtained their tickets yet may secure them at the store of Edward Cashin on the Strand. Mr. Cashin will referee the bouts.

Entertainment Postponed.

The entertainment and reception which was to have been held in St. Ann's Church, Sawkill, Friday evening, under the auspices of the St. Barbara Society of St. Peter's Church, this city, has been postponed. The new date for the affair will be announced later.

City Lighting Modern.

Lighting up a whole city at night is quite a modern invention, although illumination was used in some of the ancient cities. Paris and London dispute the priority in the matter of modern street lighting. London claims to have lighted its streets with lanterns as early as 1414, but this contention is disputed. During the sixteenth century lanterns for street lighting were provided at the public cost in Paris.
